

ADDAGARLA SRI VIDYA SAGAR

Full Stack Developer

✉ sagaraddagarla@gmail.com | [in LinkedIn](#) | [GitHub](#) | [Portfolio](#)

CAREER SUMMARY

Full-stack developer specializing in the MERN stack with hands-on experience building scalable web applications for startups and hackathons. Proven track record in automating workflows, integrating APIs, and optimizing user experiences to drive measurable business impact. Strong leadership in community-driven tech initiatives through Google Developer Groups.

SKILLS

Programming Languages: HTML, CSS, JavaScript, C, Java

Database Management: SQL (MySQL), MongoDB

Frameworks & Libraries: React.js, Node.js, Express, Tailwind CSS

Tools: MongoCompass, Git, GitHub, Postman

PROJECTS

Smart Wash - Customer Experience Platform

- Designed and deployed a web platform for a local laundry startup, digitizing service requests.
- Integrated WATI API (WhatsApp Business API) for automated order confirmations, boosting customer engagement.
- Contributed to revenue growth of 4–5 Lakhs/month by streamlining workflows and eliminating manual tracking.

URL Shortener

- Built a full-stack URL shortening service using MERN stack, capable of handling thousands of daily requests.
- Developed RESTful APIs with Express.js and MongoDB for secure URL mapping and redirection.
- Created a responsive React.js interface enabling quick link generation and analytics.

MERN Blog Post Website

- Engineered a full-stack blogging platform supporting CRUD operations for posts with real-time updates.
- Optimized backend APIs in Node.js and Express.js for high performance and scalability.
- Designed a mobile-friendly UI using React.js and Tailwind CSS for seamless user interaction.

WORK EXPERIENCE

Core Member, Tech Team

Google Developer Groups (GDG) Campus

Sep 2024 - Sep 2025
